Yesterday

Yesterday an Express arrived here from Easton, in Northampton County, with Advice, that the Moravian Settlement of Gnadenhuetten, on Mahony Creek, is cut off by the French Indians, and that two of the People only escaped. On receiving this Intelligence at Easton, they immediately sent over to the Jerseys to Colonel Anderson, requesting him to send some Men to their Assistance; upon which he immediately came himself with a Company, and marched in Pursuit of the Enemy, as he did most readily on a late Occasion of the same Kind. At the same time a Number of the Inhabitants of Northampton got under Arms, and went likewise in Search of the Indians.

Extract of a Letter from New-York, November 24.  
"We expect the Governors SHIRLEY and HARDY down to-morrow. The Rumour that Fort Lyman was to be attacked by the French proves false; and DUNBAR's Forces remain at Albany. It is uncertain whether General JOHNSON will move this Winter toward the French. By a Letter from Oswego, we have Advice, that the Onondago Indians that returned from Oswegatche, say, that the French have built five Vessels at Fort Frontenac, and while they were there they had got their Masts in. One of the Vessels had two Masts, the others one each. The Indians judged them as large as those we have at Oswego."

ANNA POLIS, December 4.  
Some Gentlemen who accompanied his Excellency our Governor to New-York, returned to Town Yesterday: By them we are informed, that the Public Business will detain his Excellency yet a few Days, and that he cannot be expected Home till the latter End of next Week. His Excellency's Preference is greatly with'd for.

Sunday last arrived here the two last of the Vessels from Nova-Scotia, with French Neutrals for this Place, which makes Four within this Fortnight; who have brought upwards of Nine Hundred of them. While they have lain in this Port, the Town has been at considerable Charge in supporting them, as they appear very needy, and quite exhausted in Provisions; and as it cannot be expected that the Charge or Burden of maintaining such a Multitude can be supported by the Inhabitants of Annapolis, (a small Part of the public Society when compared to the People of the whole Province, and who, upon this Occasion have been very liberal), it will be necessary soon to disperse them to different Parts of the Province. As the poor People have been deprived of their Settlements in Nova-Scotia, and sent here (for some very Political Reason) bare and destitute, Christian Charity, nay, common Humanity, calls on every one, according to their Ability, to lend their Assistance and Help to those Objects of Compassion. We are told that Three of those Vessels are to sail with the first fair Wind, (which we heartily wish soon to happen) one for Patuxent River, another to Cocket, and a third to Wicomico, there to wait the Orders of his Excellency our Governor.

Last Saturday several of the Gentlemen of our Neighbourhood, who lately went out Volunteers, to the Westward, return'd Home again, having seen no Indians, except one, and he was very Quiet, for they found him Dead.

We are informed by a late Northern Paper, that about Twenty Days ago, a French Vessel of 700 Tons, laden with Provisions for Louisbourg, was taken by the Otter Sloop and sent into Halifax.
